

# Java Enterprise Edition

Fall Semester 2020

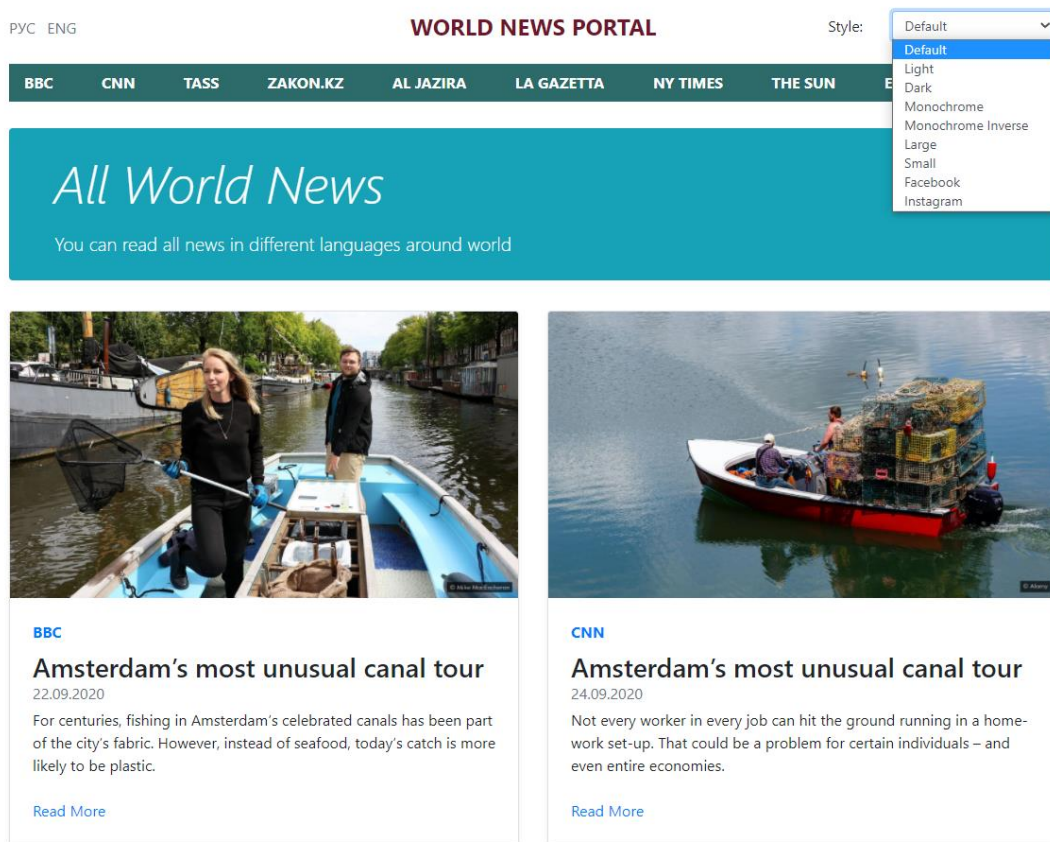

Instructor: Zhuanyishev Ilyas

## HOME TASK 4

### Problem 1

You will continue developing your News Portal from Task Assignment 4, where we added news in different languages. Here you will not create a database table. Your task is to create style settings of your interface.

On the top of your web page, you will have a settings form:

Copyright (C), All Rights Reserved

As you see from picture above, there are 9 themes styles, which you must choose. It means that you will store your style setting into cookie for 1 year.

### Amsterdam's most unusual canal tour

22.09.2020

For centuries, fishing in Amsterdam's celebrated canals has been part of the city's fabric. However, instead of seafood, today's catch is more likely to be plastic.

### Amsterdam's most unusual canal tour

24.09.2020

Not every worker in every job can hit the ground running in a home-work set-up. That could be a problem for certain individuals – and even entire economies.
